Profile

Highly motivated individual that is greatly excited to where this new journey of being a javascript developer will lead me. Strengths most certainly lie on the back-end side of the fence and having a background so firmly rooted in tech support, has only groomed me for it as problem solving with creative solutions was often the name of the tech support game.

Employment History

Genius, Family Room Specialist, Specialist, Apple

2010 – Present 📍 Apple Lincoln Park - Chicago, IL

- Troubleshooting Mac and iOS software issues
- Mac and iOS hardware repair
- Creative thinking to get to the root of an issue
- Data migration between computers on both Mac and PC platforms
- Provided custom solutions to fit customers individual needs
- Effectively facilitated employee training and discussions utilizing my institutional knowledge and passion for Apple culture and values
- Development of new and current employees through training and feedback
- Efficient in building rapport and offering custom solutions
- Extensive knowledge of internal Apple systems and tools

Retail Sales Representative, Data Champion, Verizon Wireless

2006 – 2010 📍 Chicago

- Facilitation of advanced device workshops
- Development of co workers in their roles
- Assisted with sales goals and plan implementation
- Custom solutions based on customer needs

Retail Sales Consultant, Acting Manager, Cingular Wireless

2000 – 2006 📍 Schaumburg

- Helped customers with products and services
- Ordering, receiving, and reconciling inventory
- Planned store meetings and weekly schedules
- Resolved conflicts for customers and employees
- Payroll and advanced administrative responsibilities

Education

Northwestern University School of Professional Studies, Certificate

Aug 2018 – Mar 2019 📍 Chicago

Full stack (MERN) coding bootcamp. Back-end is definitely my strong suit as I have always been more logic driven versus creative oriented. Using problem solving skills to create and/or manage an API has shown to be somewhat of a natural talent and I have quickly developed a strong passion for it.

Colorado Technical University Online, Associate of Science in Business Administration

2008

Wheaton Warrenville South High School, High School Diploma

1996 – 2000 📍 Wheaton
